

Your opportunity to shape Uplyme's future

Having received East Devon's approval, the preparation of our Neighbourhood Plan (NP) is proceeding under an initial committee of 7 members and now that approval is given, our aim is to complete the task within 2 years.

What do you want to see happen in Uplyme and Uplyme Parish?

The NP offers us all a powerful new opportunity to plan the future of our parish. For example it can be used to:-

- Develop a shared vision of how the parish might develop in the long term.
- Identify where new homes, community buildings and other community facilities could be built.
- Identify, protect and plan the future of important local green spaces.
- Influence what new buildings and alterations to existing buildings should look like.

A full description of what can be achieved is given in the CPRE's booklet (**'How to shape where you live: a guide to neighbourhood planning'**) which can be downloaded from www.cpre.org.uk or www.planninghelp.org.uk.

We'll be consulting you soon by delivering a questionnaire to every home. Your answers will help to form the basis of what happens in the future. Please bear in mind that the NP will cover the whole of the Parish i.e. bounded to our north by the A35, the Trinity Hill Road to our west, a short section of the world heritage coast to our south and our joint boundary with Lyme Regis to the east.

From now until completion, there will also be opportunities for you to:-

- Attend events
- Hear what local groups and organisations have to say
- Talk to your friends and neighbours
- Fire questions and comments as the NP progresses

The aim is to create a body of knowledge about what people want in the Parish of Uplyme. You will be able to keep in touch with progress through a website we will be creating, together with a regular update in the Parish News and on the Parish Council notice board.

For all Parishioners, this will be the time to get involved
