

Uplyme Together

Although it seems early to be thinking about events in the New Year, there won't be another *Parish News* in January, so we are giving you advance notice of a **public meeting on the afternoon of 31st January**, at the Village Hall. You'll be able to see the results of the affordable housing survey – which indicates a need for more rented affordable housing in the parish, as well as a definite interest in self-build initiatives. We will also be presenting the results of the second questionnaire, which asked for more specific views on the topics most people felt were important.

We are calling on all local community, youth, social, sporting, health and religious organisations to consider taking a free table at the meeting, to encourage parishioners to find out what they do, when they meet, how they raise funds; do they need more members or help organising activities etc. There's a lot going on in Uplyme, but not everyone knows about them all, so this would be a good opportunity for both sides to make contact.

We are about ¾ of the way through our consultations with local people and organisations, and will soon be ready to start writing the draft plan. But we still need more volunteers to help us – you don't have to come to lots of meetings, but could take on a small time-limited task for example. Please consider giving up a few hours of your time or expertise for this worthwhile project. Talk to John Garland (07787 551924) if you are interested, or you can email the Clerk, on clerk@uplymeparishcouncil.org.

It's your parish – and your future!
